THOR EXPLORATIONS ANNOUNCES FULL FUNDING AND COMMENCEMENT OF CONSTRUCTION OF THE SEGILOLA GOLD PROJECT, NIGERIA

Thor Explorations Ltd. (TSX VENTURE: THX) ("**Thor**" or the "**Company**") is pleased to announce that it has executed its definitive documents with the Africa Finance Corporation ("**AFC**") to reach full funding of the Segilola Gold Project in Nigeria (the "**Project**") and has made the Final Investment Decision to proceed with construction of the Project. The Company has decided to proceed with construction, following the implementation of Covid-19 procedures at the Project, established in accordance with industry best practice and the guidelines set out by the Osun State Government and the Ministry of Mines and Steel Development. Construction commenced in February 2020 and first gold production is scheduled for Q2 2021.

The executed definitive documents include a Subscription Agreement with AFC regarding a private placement of common shares of the Company (the "**Common Shares**") to AFC of C\$5,643,150 (US\$4,250,000) through the issuance of 28,215,750 Common Shares at a price of C\$0.20 per Common Share (the "**Tranche 2 Shares**"). This follows the tranche 1 closing on December 5 2019 of C\$15,800,000 (US\$11,830,000). The Company is also pleased to announce the proposed issuance of 34,750,000 Common Shares against US\$5,000,000 of invoices (the "**Shares for Debt**") under its EPC schedule. In the aggregate, the Company expects to close an anticipated total of C\$13,000,000 (US\$9,250,000) through the issuance of 62,965,750 Common Shares at a price of C\$0.20 per Common Share. The Tranche 2 Shares will be subject to a hold period of four months and one day after the day of such issuance.

The Company, through its wholly owned subsidiary Segilola Resources Operating Limited, has signed definitive documents with the AFC on a US\$21,000,000 Stream Agreement, and signed definitive documentation for the provision of US\$54,000,000 senior secured credit facility (the "**Facility**"). This Facility represents the balance of the funding required for the construction of the Project and drawdown is subject to satisfaction of customary conditions precedent. In connection with the Facility, the Company will issue to AFC 33,329,480 Common Shares at a deemed price of C\$0.20 per Common Share in consideration of the risk taken by AFC (the "**Bonus Shares**"). The Bonus Shares will be subject to a hold period of four months and one day after the day of such issuance.

Upon closing of the Facility and the AFC private placement, the AFC will have provided a combined equity and debt financing package of US\$86,000,000 and hold 19.50% of the total issued and outstanding Common Shares of Thor.

Thor will use the net proceeds from the AFC financings as the major component of the capital cost and working capital requirements to construct the Project. The total funding requirement to build the Project is approximately US\$98,000,000.

After the closing of the private placement, issuance of the Shares for Debt and the Bonus Shares, the total number of shares outstanding is anticipated to be 545,647,445.

The Company has obtained conditional acceptance from the TSX Venture Exchange (the "**Exchange**") for the issuance of the Tranche 2 Shares, the Shares for Debt and the Bonus Shares. Final acceptance of the transactions will be provided once the transactions have been publicly announced and executed documents have been filed.

Thor is also pleased to announce that subject to closing of the transactions described above, it has now attained full funding for the Project and that it has made the final investment decision to proceed with construction of Segilola.

Board Appointment

Thor is pleased to appoint and welcome to its board, an AFC nominee, Mr. Oliver Andrews. Oliver is an Executive Director and the Chief Investment Officer at AFC. Oliver has over 35 years experience in investing and developing infrastructure as well as mining projects and transactions. Oliver is joining the Thor board as a Non-executive Director at an important time, and is bringing significant experience and additional governance to the board.

Segun Lawson, President & CEO, stated: *“The closing of these financings will mark Thor’s most significant milestone to date and the Company is delighted to be in this position. This Project is the first of its kind in Nigeria, a country where we believe there is considerable geological potential. The initial Project economics are excellent and we have the right team in place to build, operate and capitalise on our first mover advantage in Nigeria. We expect the pouring of first gold at Segilola in Q2 2021.*”

The Company is also delighted to welcome Oliver Andrews to its board of directors. As Chief Investment Officer of AFC, he brings significant expertise and in country knowledge that will further strengthen the Company’s board. We look forward to working with both Oliver and the AFC as we build the Project and move into the production phase.

*Ensuring the health and safety of our employees, contractors and the communities in which we operate is our highest priority. Since January 2020, we have been working closely with our EPC contractor Norinco International Cooperation Limited (“**Norinco**”) in order to develop and implement contingency planning in relation to the outbreak of COVID-19, which the World Health Organisation categorised as a pandemic on 11 March 2020. In partnership with Norinco, we have confirmed the manufacturing capacity of our suppliers and mobilised our EPC team who have now been on-site for the last 6 weeks.”*

Entrance to the Segilola Gold Mine Site

Hon. Minister of Mines and Steel Development Olamilekan Adegbite and Thor CEO Segun Lawson at the Groundbreaking Ceremony of the Segilola Project

Highlights of the Financing:

- Total expected fundraising of US\$104,000,000
- Tranche 1 private placement (closed on December 5 2019) raising gross proceeds of C\$15,733,850 (US\$11,830,000) through the issuance of 78,669,250 Common Shares at a price of C\$0.20
- Anticipated Tranche 2 private placement offering of C\$5,973,800 (US\$4,250,000) through the anticipated issuance of 28,215,750 Common Shares at a price of C\$0.20 per Common Share
- Anticipated issuance of 34,750,000 shares at a price of C\$0.20 per Common Share in lieu of US\$5,000,000 (C\$6,950,000) of EPC construction costs
- Anticipated closing of US\$21,000,000 gold stream prepayment
- Anticipated closing of US\$6,500,000 EPC deferred payment facility
- Anticipated closing of US\$54,000,000 senior secured credit facility

The proceeds of the private placements will be used to advance the construction of the Project and general working capital purposes.

Samaila Zubairu, President and CEO, Africa Finance Corporation stated: *“as a long-term committed investor of Thor, AFC is pleased to participate in the full funding of this landmark project which represents not only a good quality asset, but also sets a benchmark for the future of commercial gold mining in Nigeria.*

“Additionally, we recognise the challenges that arise from the COVID-19 landscape emerging, and the effect it has on supply chains. As an institution, AFC believes the safety and wellbeing of the communities which we serve must come first. We therefore stand ready to provide the support which Thor may require to navigate these challenging times.”

Financing Terms

This financing terms set out in this news release supersede all previous announcements

An updated presentation can be found on the Company’s website: www.thorexpl.com

COVID-19

As the COVID-19 (Coronavirus) pandemic continues to have a global effect, the health and safety of our employees, communities and contractors are our utmost priority. The Company is taking steps and precautions to address the effects of the pandemic responsibly and to limit potential exposure to the rapidly changing situation.

Measures have been put in place to monitor and mitigate against the spread of COVID -19 which includes testing, monitoring, and all-round practices of cleanliness and washing to ensure any instances of COVID-19 are instantly monitored and identified. A handbook has been provided for all personnel and both HSE teams from Thor and Norinco continue to report on this on a daily basis following constant monitoring. All government and regulatory rules are also adhered to.

About Thor

Thor Explorations Ltd. is a Canadian mineral exploration company engaged in the acquisition, exploration and development of mineral properties located in Nigeria, Senegal and Burkina Faso. Thor holds a 100% interest in the Segilola Gold Project located in Osun State of Nigeria and a 70% interest in the Douta Gold Project located in south-eastern Senegal. Thor also holds a 49% interest in the Bongui and Legue gold permits located in Houndé greenstone belt, south west Burkina Faso. Thor trades on the TSX Venture Exchange under the symbol “THX”.

About Africa Finance Corporation

Africa Finance Corporation (AFC), an investment-grade multilateral finance institution, was established in 2007 with an equity capital base of US\$1 billion, to be the catalyst for private-sector-led infrastructure investment across Africa. AFC has a current balance sheet size of approximately US\$5.07 billion and is the second-highest investment-grade-rated multilateral financial institution in Africa with an A3 (Stable outlook) rating from Moody’s Investor Services. AFC invests in high quality infrastructure assets in Africa that provide essential services in the core infrastructure sectors of power, natural resources, heavy industry, transport and telecommunications. To date, AFC has investment approximately US\$6.6 billion in project across 30 African countries.

The Segilola Gold Project

The Segilola Gold Project is considered the most advanced gold project in Nigeria. Thor completed a definitive feasibility study (DFS) on the Segilola Open Pit Reserve and a Preliminary Economic Assessment (PEA) on the Segilola Underground Resource in February 2019.
